

FIRST[®]
LEGO[®]
LEAGUE JR.

PARENT COACHES & VOLUNTEERS NEEDED!!!!

If your child is in grade 1-4, consider coaching a FLL Jr. team!!!

- Teams of 6 students, a Parent Coach and a Parent Volunteer
- Meet for 90 min. a week for 6 weeks to complete the challenge using a provided kit of LEGO[®]'s
- During the year's challenge, **Mission Moon**, teams will ask the questions; What do you need to know about the Moon to live there? What will you eat and drink? How will you get energy? How will you breathe? What will you do for fun? What other problems will you have to solve?
- Teams will build a motorized model, using the LEGO[®] Education WeDo 2.0, of what they discover and present their project through a Show Me poster.
- Technical skills are not needed and training is offered.
- Enrollment is based on the number of Parent Coaches we have so your time can open the program to more children.
- Visit <https://www.youtube.com/user/JrFLLGlobal> for more information about FLL Jr.

Children of Parent Coaches will receive a discount on their program registration!

To find out more about becoming a Parent Coach, Parent Volunteer or the FIRST[®] LEGO[®] League Jr. program, email Lisa Nollman at nollmanl@fpsct.org or call (860) 676-8729!!
